

REMARKS

Claims 1, 6, 12, and 16 have been amended without prejudice.

The office rejected claims 1-6, 8-15 and 17-19 under 35 U.S.C. 102(e) as being anticipated by Restarick et al. (USP 6,684,951). Accordingly, claims 1 and 12 have been amended to include that an electrically conductive cable which puts in the transmission elements into electrical communication is disposed within a passageway formed in the flange. Restarick does not disclose a cable in a passageway formed in the flange. Since this is not taught by Restrict, the Applicants respectfully submit that claims 1 and 12 are now allowable and that since claims 2-6 and 8-11 depend from now allowable base claim 1 and that since claims 13-15 and 17-19 depend from now allowable base claim 12 that these claims are now also now allowable. Claims 6 and 16 have been to be consistent with the amendments made in claims 1 and 12 respectively.

The Office rejected claims 7 and 16 under 35 U.S.C. 103(a) as being unpatentable over Restarick et al. Since claims 7 depends from now allowable base claim 1 and since claim 16 depends from now allowable base claim 12, the Applicants respectfully submit that claims 7 and 16 are allowable over Restarick.

In view of the arguments and amendments made herein, Applicants respectfully submit that the application is now in condition for allowance. Accordingly, Applicants respectfully request that a timely Notice of Allowance be issued in this case.
